Message to Members

In 2025, WMMIC successfully completed our three-year business plan. Our team continues to demonstrate a commitment to serving our members and working to improve WMMIC. Last year, we increased our assets by \$8.6 million and our surplus by \$6.1 million. Achieving these results takes a combination of loss prevention and risk mitigation by our members, professional claims handling, sound investments, and responsible operational management. We are in a position of great strength and stability, but we still have plenty to do. We will continue to look for opportunities to provide products and services that meet or exceed the needs of our members. I want to thank each member for their participation, support, and entrusting us to be stewards of this membership. Let's continue working together to make WMMIC the best it can be.
